

3725

Fast-cure adhesive for rapid attaching, sealing and repairing on most common substrates above or below water - concrete, metal, fibreglass, wood, PVC etc.

Available in 4L kits - grey only, 1:1 by volume mix.

Use For

- **Rapid attaching, sealing and repairing.**

Benefits

- ✓ Fast-cure product cures hard in 5 minutes.
- ✓ Diver-friendly for easier application (resin-rich, not prone to stringing or floating).
- ✓ Works in wet or dry, on all common surfaces.
- ✓ Developed and manufactured in Australia.
- ✓ No solvents, flammables, corrosives or odours.
- ✓ Proven track record for over 10 years in full range of applications and environments.

Proven Applications

Marine - boats, emergency repairs.
Plumbing - pipes, hoses.
Pools - tiles, linings.
