

DATA SHEET

FILLER

Silica-free, Stir-in Powder Additive for Epoxies

DESCRIPTION	MIXING
A stir-in, fine powder additive for two-pack epoxies. Quality minerals are selected to create a versatile product that can be used to bulk out resins, improve pigment performance and modify viscosity/flow. The filler is also silica-free, which means it's safer to use than traditional fillers containing sand. USES Suitable for use in all epoxy floor coatings manufactured by Real World Epoxies - Artepoxy, Ezypoxy and Jaxxon. PRODUCT DETAILS	 For full safety instructions, consult SDS. Wear protective clothing, goggles and gloves to prevent skin and eye contact. Pour Part B of product into Part A as per normal instructions and mix until a consistent colour is obtained. Gradually add Filler while mixing until desired viscosity is obtained, scraping sides with a flat spatula to ensure all product is taken in. PRODUCT NOTES Unused product containing Filler may experience settling in storage. Re-disperse before use. STORAGE
Type:Silica-free mineral blend.Colour:White.Pack Size:15kg.	Keep containers closed when not in use. Seek advice from your local council regarding accepted disposal methods.
